

Natural Gas Heating System Service Plan

*for total peace of mind
all year round.*

WOOD'S
HEATING SERVICE

The only service plan you need for total peace of mind.

Your natural gas heating system should be tuned up annually to:

- Help avoid any unexpected costly expenses
- Ensure that any repairs are done on time
- Keep it running at peak efficiency for better energy savings and the environment

Our comprehensive natural gas heating system service plan provides you with the peace of mind that you want and need if any emergency problems do happen.

The service plan provides you with:

Quality repairs by experienced technicians

Expert customer service reps to take your calls 24/7

Convenient service hours

Annual tune-ups to help you save money

15% discount on non-covered repairs

Our natural gas service plan is built for peace of mind

Smart, dependable coverage that fits comfortably within your budget.

Basic Protection Plan

On-call access to service — 24 hours a day, seven days a week.

When you call, we're there for you. This means you can get repairs done quickly, before they become bigger problems. There are no charges for services covered by this agreement when they are performed between 8am and 5pm, Monday through Friday, excluding federal holidays. If you request service for arrival prior to 8am or after 5pm, on a federal holiday (day when the post office is closed) or weekend, there will be a diagnostic fee.

You'll also get:

• Tune-up

To help keep your energy bills low, you should consider a tune-up. This service is available between March 30th and September 1st at no additional cost. This schedule will allow us to optimize our response to your emergency service needs during the heating season.

• Enjoy a 15% discount on regular rates.

To help you save even more, this plan gives you a 15% discount on our regular rates for any repair work not covered by your plan.

The following general exclusions apply:

- Services to identify or remedy gas leaks
- Coverage can be revoked if customer fails to pay for service within terms
- Coverage can be revoked if customer fails to remedy conditions identified as hazard
- Coverage can be revoked if customer permits anyone other than a Wood's rep to service equipment
- Providing adequate ventilation for combustion
- Removal of materials containing asbestos
- Monitoring vacant or unattended premises
- Maintaining clean air filters (draining the expansion tank)
- Replacing fuses
- Resetting circuit breakers
- Turning on the emergency switch
- Setting thermostat temperatures and clocks
- Replacing batteries in system devices
- Not available for heating systems with inputs in excess of 300,000 BTUs
- Not available for water heating systems with tanks in excess of 50 gallons
- Maintaining adequate water level
- Flushing LWCO
- Venting
